Drawing in Graphite

Robin Jess

Friday, September 27

1:00 pm – 4:00 pm

Wyndham, Carnegie

Graphite can create fantastically detailed and subtle works of art. Learn various line systems and make clean, fresh images with a strong range of values.

Supply List:

Lead holder

HB graphite “lead” (or 2B if preferred)

Sharpener

White plastic eraser

Clean kneaded eraser

Several (3 at least) about 11 X 14 pieces of paper – either Arches hotpress 130 lb, Bristol board (plate finish, 2 -ply) and/or Stonehenge.

Some samples of these will be available

BIO:

Executive Director of ASBA. Robin illustrated books for The New York Botanical Garden with botanist Dr. Arthur Cronquist. She specializes in New Jersey flora, especially that of the Pine Barrens. She has received grants, fellowships and awards for her artwork.
