Sculpting Plants for Reference

Jayne Irvin

Thursday, October 16

1:30 – 4:30 pm

Westin - Blake

Follow the steps to create plants for display in a diorama at a museum or to use as a reference for illustration. Plants made from paper, paint and clay can open a new approach to composition on a 2D surface.

Supply List:

Please bring a selection of colored pencils, watercolor, to color petals or leaves, plus a note book for taking notes. We will focus on paper flowers. I will also bring poly clay, cast pieces for display and conversation.

Materials Fee covers the following items which will be provided: paper, wire, glue, and handouts.

BIO:

Jayne S. Irvin has had the good fortune to work at the Denver Museum of Nature and Science creating exhibits and working on Diorama restoration. Her studio features flora and fauna paintings, botanic illustrations, and habitat creations for museums, visitor centers and private collections.
